15 January 1988MEMORANDUM FOR: Edward Maloney
Director, Office of Information TechnologyFROM: [REDACTED]
Associate Director, Development Programs Group, NPIC

SUBJECT: OIA Relocation to Headquarters

1. In October 1989, the DDI's Office of Imagery Analysis (OIA) is scheduled to relocate to the Headquarters Building. OIA has been a tenant in [REDACTED] for a number of years and is a primary user of many of NPIC's [REDACTED] systems and related, unique services. In order to continue providing access to these systems and services once OIA has become a remote consumer, NPIC will require substantial communications support between [REDACTED] Headquarters that must be in place by 1 August 1989. This memorandum is the initial step in requesting that support.

2. Attached is a technical description of those building-to-building communications capabilities required by NPIC to support OIA. This list may not be all inclusive but is our current estimate of the requirement. A number of technical exchanges will be necessary regarding the exact configuration and specifications before completion of this project. It should also be noted that this requirement was surfaced earlier and captured in "Cost Estimates for New Communications Services MPS NO. 04c.

3. Your assistance in providing these capabilities is requested. A Transition Team has been established within NPIC to assist OIA in making their transition. [REDACTED] is Chief of this team and may be contacted on [REDACTED] is assigned to the team for SI support and may be contacted [REDACTED] is assigned to the team for technical support and may be contacted on [REDACTED]
